

# SOLUTION AID

## NEW COURSES FOR 2018

Level 3 Oxygen Therapy Administration  
Airway Management  
Catastrophic Bleeding Control  
GP and Dental Practice CPD Updates

## Solution Aid is approved to run Outdoor First Aid Training, certificated by Rescue & Emergency Care (REC) and NUCO Training

### REC Outdoor Emergency Action – 1 Day

This is a basic lifesaving course designed to provide practical hands on training to develop techniques and a systematic approach to first aid. It is Module 1 of the REC modular approach to first aid. This course covers the requirements of the HSE 'Appointed Person' in the workplace.

### REC Outdoor Emergency – 2 Days

Module 2 of the REC approach covers Day 1 (Emergency Action) and offers a supplementary day that covers practical interactive scenarios and helps develop incident management skills.

This course can be geared towards urban or rural environments. The course is also designed to cover the needs of the following national governing bodies for their instructor awards. (ML, SPA, NCA, BCU, RYA, BOF, MIA, MIC etc.)

### Nuco Training Level 3 Outdoor First Aid – 2 Days

This Level 3 Award in Outdoor First Aid is a training course which is designed for those who are involved in the outdoor and activity based environments that require a first aid qualification in addition to providing the knowledge and skills to operate in these different and often challenging environments.

The course is also designed to cover the needs of the following National Governing Bodies for their instructor awards. (ML, SPA, NCA, BCU, RYA, BOF, MIA, MIC etc)

### SOLUTION AID SAFETY AND RESCUE PROVISION

**Level 3 Emergency First Aid at Work EFAW – 1 Day** This is a basic lifesaving course designed to provide practical hands on training to develop techniques and a systematic approach to first aid. This course covers the requirements of the HSE 'Appointed Person' in the workplace.

**Level 3 First Aid at Work - 3 Day** This course covers a wider range of subjects than that covered by the Emergency First Aid at Work qualification. It provides learners with the skills and knowledge to deal with first aid situations in higher risk workplaces or workplaces with an increased number of employees.

**Level 3 First Aid at Work Refresher – 2 Day** If your 3 day First Aid at Work certificate is within its valid lifetime this is the course to revalidate. This course refreshes previously learnt skills and techniques.

**Level 2 Award In Cardiopulmonary Resuscitation and Automated External Defibrillation (AED) – 1 Day** This qualification has been developed to provide learners with the knowledge and skills to administer basic life support and use an AED safely in an emergency. Early defibrillation and CPR are vital in the chain of survival following a cardiac arrest. This course meets the HSE and the Resuscitation Council training recommendations for use of AEDs in the workplace.

**Level 3 Award in Paediatric Emergency First Aid – 1 Day** This regulated first aid qualification is specific to children from birth to puberty. It is ideal for parents and babysitters.

**Level 3 Award in Paediatric First Aid – 2 Day** This regulated first aid qualification is specific to children from birth to puberty. It fulfills the statutory framework for the Early Years Foundation Stage (EYFS) as issued by the Department for Education and Skills Foundation Stage relating to Early Years childcare.
