# 1 DAY - LEVEL 3 OXYGEN THERAPY ADMINISTRATION

Solution Aid is approved to run First Aid Training certificated by Rescue & Emergency Care (REC) & Nuco Training

## 1 Day - Level 3 Oxygen Therapy Administration

This training enables users to administer oxygen safely and effectively, for casualties with breathing difficulties. Delegates will learn how and when to administer oxygen to a casualty and the safety concerns with carrying, storing and administering oxygen.

This course is suitable for qualified First Aiders, Emergency First Aiders, dental practitioners, dental care professionals, healthcare professionals and others working in an environment where oxygen is available for casualty welfare.

### Syllabus

The course is made up of practical and theoretical sessions delivered by your Instructor who will provide a detailed course programme.

### At the end of the course, learners will be able to

- Explain the benefits of oxygen therapy
- Identify indicators for the use of oxygen
- Explain contraindications prohibiting use of oxygen
- Explain the dangers of using compressed gas

### Outline health and safety rules for the

- Use
- Storage
- Handling of oxygen
- Carry out operational checks in preparation for use of oxygen therapy equipment
- Identify when oxygen therapy is required

### Administer oxygen using the required flow rate for the following oxygen delivery devices:

- None re-breather mask
- Bag, valve and mask
- Administer oxygen to a patient in line with agreed ways of working
